**penta**

"Your creativity, attention to details and follow-through have yielded some amazing results for Penta Water. We have seen the following as a result of the two MailChimp campaigns that you created and ran for us ... we saw a six fold increase in orders during the first two days after the campaign was sent, we received over 80 orders with an average of eight cases per order ... that is over \$240 per order, or more than \$20,000 total! Additionally, we received orders from customers that had not purchased from our e-commerce site in over two years. All the best."

-Michael Dunn, COO, Penta Water

## **OUR MISSION**

"Omnibeat is a Digital Marketing agency serving its clients by creating and implementing cutting edge internet and social media strategies that heighten visibility, generate new business, and ultimately lead to increased ROI."
