

OMNIBEAT®

CLIENT TESTIMONIAL

“We were fortunate enough to be connected to Omnibeat by the overwhelming recommendation of another law firm. Working with Omnibeat has been, and continues to be, a direct factor in increased revenues to our firm resulting from the design and build of our new website. In fact, we have been so pleased we have just hired them to design and build another site related to one of our practice areas. I cannot say enough about how the team at Omnibeat guides the design process every step of the way by providing realistic and practical direction and guidance. They are responsive, reasonable, professional and completely in touch with changes in the dynamic world of website design and responsiveness. I cannot give them enough praise!”

Lisa M. Allred, MBA

Director of Operations, MV Law

Nate Trimmer

COO

Nate helps forward-thinking clients utilize Digital Marketing through social media to harness business opportunities. Are you ready to “Catch the Wave!”? For the past seven years, Nate has helped small and medium-sized businesses retain clients and reach new clients by sharing their story online.
